

Dear futsal players and fellow students,

In **May of 2018** the next edition of the **International University Totelos Tournament** will take place in Eindhoven, The Netherlands. Like previous years, this will be a 3-day event filled with futsal, fun activities and parties. This year's edition will take place **from May 10th - May 12th**.

#### **What do we have to offer?**

We want to ensure this tournament is organized and lead in the best way possible, so these 3 days will be all about futsal and having fun (in whichever order you prefer). We will do so by offering the following:

- The **tournament** is intended for futsal in a way that is enjoyable for everyone. The tournament will be set up in a way that makes your team advance into a new part of the schedule each day, based on your performance. This should lead to your team ending exactly where they belong after 3 days. It also ensures your team playing towards a level similar to theirs, providing a lot of close and exciting matches, especially towards the end of the tournament.
- In compliance with this, we also strive to make sure that every team will play an **equal number of matches**, whether they come in first or last.
- Fair play is important to us, which is why we use official referees from the Dutch Futsal Association and will be very strict when it comes to **Fair Play**.

#### **More than futsal:**

- We offer sleeping places within the sports-hall and outside the I.U.T.T. camping (beds are not included, so you have to bring your own sleeping stuff/tent).
- We have great accommodations; **3 fully indoor futsal pitches**. All in the same sports-center. For teams with a history at I.U.T.T.: We will be playing at the sport center for three days.
- **Breakfast, Lunch and Dinner are included** and provided by the organization.
- **Parties!!!** The center of Eindhoven is a great place for going out, as it provides a lot of bars close to each other.
